	Bungo in the Back Lanes: Saturday the 18 th of June
	 Joanna reported had emailed the list for the event in advance and explained that we need to acknowledge the GCC on all the flyers/posters. Contact been made to the following in relation to police/fire, environmental health & food safety to inform them and we are still waiting to hear about (Mulberry St) license. There was some discussion about what items would sell well on the bungo stall and it was agreed that mugs, badges, pens and bags would be the best sellers. We are still waiting to hear back from the local shops regarding donations.
	Laura reported that the community interactive map was due to go back up- Action: Matt

There was some discussion about specific jobs that need to be done before the event and the following was agreed:

To do

- James- to look into somewhere that we can buy balloons and whether they can do the bungo logo on them
- Joanna & James- to look into prices for the items for selling on the stall
- Amanda- to look into getting the logo transferred onto the high visibility vests.
- Joanna- to do stock check on what bags and t-shirts are at Stephen's
- Laura- will start drafting out a map of the stalls to go on the website.
 When newsletter goes out, we are expecting to hear back from more local shops/businesses.
- James- to write to councillors regarding when we will hear about license
- Joanna- to contact Careline to enquire whether they have a first aider for event. Anticipating 999 people on the day so we would need at least one first aider.
