Dear Householder,

Glasgow City Council Offer of FREE Insulation

Glasgow City Council has successfully secured funding from the Scottish Government through its Universal Home Insulation Scheme to offer **FREE** insulation measures within designated areas until March 2012. This is part of the Council's ongoing commitment towards the promotion of energy conservation and efficiency.

By properly insulating your home you can reduce your energy bills, make your home warmer and help prepare for the cold months ahead.

Glasgow City Council has designated that your home falls within an area where we want to promote this offer and will be working with The Wise Group, Everwarm, Govanhill Housing Association and Southside Housing Association to promote this initiative.

THE SCHEME WILL PROVIDE THE FOLLOWING:

- **FREE** Loft and top up insulation
- **FREE** Cavity wall insulation
- **FREE** Draught proofing to your front door
- **FREE** insulation to your water storage tank and associated pipe work
- If you need additional support to install insulation, for example having your loft cleared, we may be able to help at NO COST
- As well as all of the above we have links to other free services that may help you save money spent on fuel bills.

In the coming weeks, representatives will be calling at your home to explain the services that are available to you with this visit taking less than twenty minutes. All of the questions can be answered on the doorstep. For peace of mind, all Wise Group and Everwarm representatives will be Disclosure Scotland checked, and will be easily identified through carrying a photo ID card. For extra reassurance, you can also telephone 0800 092 9002 to check the validity of the caller.

Please note that The Wise Group and Everwarm are the only organisations authorised to deliver this scheme in the following area, and the only ones who can access the funding from the Scottish Government that will allow us to deliver this at NO COST.

While the scheme will operate until March 2012, the funding is limited, so avoid disappointment and register your interest by calling freephone 0800 092 9002.

Yours faithfully

Patrick Flynn
Head of Housing Services,
Development and Regeneration Services
